PROFESSIONAL EXPERIENCE

Ming Design Studio

Chengdu, China

Industrial Design Intern

Jun. 2025- Aug. 2025

- Contributed to multiple studio-led product design projects, including forward-looking collaborations with Philips and Kohler; responsibilities included design trend research, sketching, product modeling in Rhino, and product rendering in KeyShot.
- Re-envisioned the studio's ceramic panda fridge magnet by designing new 3D printing toolpaths in Grasshopper, enabling production through additive manufacturing.

OZ Intelligence

Beijing, China

UX/UI Design Intern

Apr. 2024- Jun. 2024

- Contributed to the UI and overall website design of OZ Intelligence, including UX flows and auto-layout model card templates with scalable components.

F Lab Consulting Agency

Shanghai, China

Ethnographic Research Assistant

Nov. 2023 - Mar. 2024

- Assisted in consumer research for Adidas Originals Samba and Gazelle, helping produce a 68-page report on cultural and strategic insights. Contributed to the planning and facilitation of a unreleased products testing workshop for Adidas, working alongside designers and helping produce a 50-page report on product performance and user insights.
- Participated in organizing and conducting a user testing workshop for Dell's unreleased G-series gaming laptops, recruiting 6 groups of 5 participants each. Collaborated with designers and contributed to a 38-page product insight and user experience report.

Chengdu Information Technology of Chinese Academy of Sciences

Chengdu, China

UX/UI Design Intern

Aug. 2023 - Oct. 2023

- Participated in the UX/UI design of the medical device management system at West China Hospital, conducting 2 surveys with 500+ healthcare professionals and 20+ user interviews, and subsequently redesigning the user interfaces, which advanced to the internal testing phase.

Triple-Major Fashion Boutique

Chengdu, China

Store Operation Assistant

Jun. 2023 - Aug. 2023

LEADERSHIP EXPERIENCE

President of Student Union

May 2022 - Jun. 2023

School of Architecture and Fine Arts, Dalian University of Technology

- Improved Student Union efficiency by creating a new organizational and rewards structure.
- Helped lead the college to top rankings in sports and arts competitions, including winning first place twice in campus-wide arts performance contests.
